

FRESH Summer Tomato and Basil Salad

This truly is best made with fresh in season tomatoes – you can just taste the sunshine!

- 4 cups medium sized tomatoes–best to have the tomato cut into 4-6 wedges
- ¼ cup basil leaves torn or coarsely chopped
- ¼ cup extra-virgin olive oil
- 1-2tbsp balsamic vinegar (adjust to personal taste)
- Sea Salt and ground pepper to taste(we know Sooz will use more than most of us!)

Combine all ingredients in bowl and carefully toss until oil and vinegar coats all tomato pieces with a little left at the bottom– serve immediately!

You can certainly add Boccioni cheese or feta cheese to this – but for the pure enjoyment of the tomato I prefer it just on it's own!
